

Building a welcoming
community and fostering
friendship in your
neighborhood.

About Us.

New Neighbors is connecting people moving to new locations with other new movers (and current residents) in the area. We offer a way for people moving to a new area to establish relationships with both current residents and other new movers. Our platform matches individuals and families with people of similar interests, providing a tight knit community of people experiencing the same transition.

Help share what makes your
Neighborhood Home with New
Neighbors.

We're here to help create a welcoming community as you embark on a life changing transition, moving to a new place. The New Neighbors platform helps connect people of all ages who want to meet people of similar interests and form lasting friendships. Our localized social media network has helped form thousands of friendships across the United States.
